

Abfalltrennung: So einfach geht's

So sortieren Sie richtig:

The image illustrates the correct disposal of various household waste items into four different bins:

- Brown Bin (Mülltonne):** Accepts organic waste such as banana peels, coffee grounds, tea bags, leaves, and paper napkins. It does not accept animal bones or fish skeletons.
- Green Bin (Papier- und Kartontonne):** Accepts newspapers, magazines, cardboard boxes, and paper bags. It does not accept milk cartons, paper plates, or other paper products.
- Yellow Bin (Gelber Sack):** Accepts plastic and metal waste, including plastic bottles, metal cans, and detergent bottles. It does not accept glass or food items.
- Grey Bin (Restmülltonne):** Accepts general household waste, including fish bones, pet waste, paper plates, and broken glass. It does not accept organic waste or paper products.

Each bin is labeled "MGB 240 L" and "AWIGO". A yellow bag labeled "Der Gelbe Sack nur für Verkaufsverpackungen" is shown next to the yellow bin.
